First Nations Story Content

* indicates a required field

Screen Australia supports the telling of First Nations stories by First Nations creatives and storytellers.

Where this is not the case we expect meaningful collaboration and consultation with the First Nations communities whose stories they are.

Whenever there is First Nations content and/or First Nations community participation in the project or when there are First Nations members of the team who do not have the authority to speak for the people or place being represented in the story you will need to follow the checklists from [Pathways & Protocols: a film maker's guide to working with Indigenous people, culture and concepts](#) which includes:

- a statement on how you are approaching the First Nations content or participation with regard to appropriate protocols
- Applicants must demonstrate that they have a consultation plan covering the full production process and are following it
- evidence of consultation to date
- if the project will involve particular First Nations individuals or communities, please include signed letters of consent confirming their willingness to participate

All projects involving First Nations content or participation will be assessed by First Nations Assessors.

Is there First Nations content, and/or participation of or collaboration with First Nations people in your project? *

☐ No

For example: Does the project involve a First Nations story or a First Nations character? Or focus on a First Nations person or community? Or use First Nations communities or land as locations? Or draw on or refer to First Nations culture and heritage in any form? Even if you think the First Nations elements are incidental they should be outlined here.

Terms of finance from sales, distribution and licensing

In relation to ROW, all financial contributions to the budget that are made directly from sales, pre-sales, distribution and licensing, including distribution guarantees, advances, minimum guarantees and licence fees, as well as cashflow loans for these contributions must be recovered from ROW receipts; they cannot be recovered from ANZ receipts.

Where such contributions are in relation to world-wide rights for a project, a portion of the amount, to be agreed by Screen Australia, is to be allocated to the ANZ territory. The remaining ROW portion of the contribution, and related expenses, cannot be recovered from ANZ receipts.

Advances against ANZ and ROW must be clearly split and expenses should be treated separately.

Screen Australia does not allow these contributions to be treated as equity i.e. this type of contribution does not entitle the contributor to a share of the equity investors' receipts or a share of copyright in the project.

Please summarise the key terms of your marketplace arrangements.
