### General Requirements

The **Strategic Opportunities** program supports a small number of initiatives that are aimed at providing skills development and training for the screen industry. Initiatives should be responsive to industry needs, designed to assist in the growth of a sustainable, diverse and inclusive film, television and games sector. This is a big-picture funding program that supports initiatives that will offer immediate, medium, and long-term benefits to the industry.

Proposed activities must have strong strategic alignment with Screen Australia's key objectives, challenges and focus areas for industry development.

**Due to the limited nature of Industry Development funding, applicants are required to discuss the scope and details of their proposal for their strategic opportunity initiative and confirm funding availability with either the Head of Industry Development or the Industry Development Manager. Contact the Program Operations team if you are unsure of who to speak with on 1800 507 901 or [industrydevelopment@screenaustralia.gov.au](mailto:industrydevelopment@screenaustralia.gov.au).**

**Prior to your submission we require you to discuss the scope and details of your proposal with a member of the Industry Development Team. Please indicate who you have spoken with \***

### Before you begin:

- Applicants must provide accurate information to Screen Australia at all times. A person or company that makes a false or misleading statement to Screen Australia in an application may face criminal or civil liability including liability for an offence under the Criminal Code Act 1995. In addition, if funding awarded by Screen Australia was obtained by fraud or serious misrepresentation, Screen Australia can revoke its funding.
