Protagonist

A protagonist:

- Holds the 'point of view', or provides the dominant point of view that is experienced by the audience
- Drives the action of the story
- Has an arc of change:
 - The emotional and story stakes are tied to the protagonist's arc
 - A protagonist may not experience an arc of change, but may 'blossom' into their own fully realised selves, which in turn promotes changes in characters around them
 - A protagonist may 'fail' to change, and still be a protagonist (e.g. a protagonist who is confronted with a character 'flaw', does not change, and suffers the consequences).

A character does not have to feature all of the above factors to be a protagonist (or the only protagonist).

Ensemble dramas/ dramas with multiple protagonists

Several characters may meet the classification of a protagonist. These characters' stories may intertwine throughout the plot (for example *Nowhere Boys* and *The Katering Show*), or they may only interact occasionally, if at all (*Redfern Now* series).

Series drama may be structured to feature a different protagonist in each episode (for example, *The Slap*).

Allocating gender

female

The character's own gender identification is used when possible – for example, a character who identifies as female is classed as female.

Using the definition provided, please state the gender and name of the protagonist/s in your project.

Producer Offset Co-Production Status

* indicates a required field

Producer Offset: You do not need to have lodged an application for your Producer Offset Provisional Certificate at the time of applying to the funding round unless specifically requested by your Investment Manager. In most cases producers will be able to wait to see whether or not their project has been successful for funding before applying for a certificate, saving time and application fees. However, if you are approved for funding you will need to lodge your application and receive your certification prior to contract execution. **Co-Productions**: You must be able to provide (where relevant) Provisional Co-production approval (no more than two years old) before the decision meeting at which your Production Investment application will be considered. To allow Screen Australia's Producer Offset and Co-Production Unit sufficient processing time, this means you must have lodged the relevant form/s with them before submitting your Production Investment application. For further information refer to our Producer Offset and Co-Production program pages.
