### Protagonist

#### A protagonist:

- Holds the 'point of view', or provides the dominant point of view that is experienced by the audience
- Drives the action of the story
- Has an arc of change:
  - The emotional and story stakes are tied to the protagonist's arc
  - A protagonist may not experience an arc of change, but may 'blossom' into their own fully realised selves, which in turn promotes changes in characters around them
  - A protagonist may 'fail' to change, and still be a protagonist (e.g. a protagonist who is confronted with a character 'flaw', does not change, and suffers the consequences).

A character does not have to feature all of the above factors to be a protagonist (or the only protagonist).

#### Ensemble dramas/ dramas with multiple protagonists

Several characters may meet the classification of a protagonist. These characters' stories may intertwine throughout the plot (for example *Nowhere Boys* and *The Katering Show*), or they may only interact occasionally, if at all (*Redfern Now* series).

### Form Preview

Series drama may be structured to feature a different protagonist in each episode (for example, *The Slap*).

### **Allocating gender**

female

The character's own gender identification is used when possible – for example, a character who identifies as female is classed as female.

Using the definition provided, please state the gender and name of the protagonist/s in your project.

### Producer Offset Co-Production Status

\* indicates a required field

**Producer Offset**: You do not need to have lodged an application for your Producer Offset Provisional Certificate at the time of applying to the funding round unless specifically requested by your Screen Australia Investment Manager. In most cases producers will be able to wait to see whether or not their project has been successful for funding before applying for a certificate, saving time and application fees. However, if you are approved for funding you will need to lodge your application and receive your certification prior to contract execution. **Co-Productions**: You must be able to provide (where relevant) Provisional Co-production approval (no more than two years old) before the decision meeting at which your Production Investment application will be considered. To allow Screen Australia's Producer Offset and Co-Production Unit sufficient processing time, this means you must have lodged the relevant form/s with them before submitting your Production Investment application. For further information refer to our <u>Producer Offset</u> and <u>Co-Production</u> program pages.

### First Nations Story Content

\* indicates a required field

Screen Australia supports the telling of First Nations stories by First Nations creatives and storytellers.

Where this is not the case we expect meaningful collaboration and consultation with the First Nations communities whose stories they are.

Whenever there is First Nations content and/or First Nations community participation in the project or when there are First Nations members of the team who do not have the authority to speak for the people or place being represented in the story you will need to follow the checklists from Pathways & Protocols: a film maker's guide to working with Indigenous people, culture and concepts which includes a statement on how you are approaching the First Nations content, (even if you believe the content is not specific to a community or individual), evidence of your consultation to date and where relevant, signed letters of consent confirming community and/or individual's willingness to participate.

All projects involving First Nations content or participation will be assessed by First Nations Assessors.

### Marketplace Deal Summaries

\* indicates a required field

As specified in the <u>Feature Production guidelines</u> your application must include:

an acceptable offer to theatrically distribute the project in Australia with sufficiently detailed commercial terms from an appropriate domestic distributor, AND

an acceptable offer to represent the project for Rest of World (ROW) sales with sufficiently detailed commercial terms from an appropriate international sales agent.

Agreements must be uploaded in the Submission Materials section, but **should not be countersigned by you** at this stage.

#### Terms of finance from sales, distribution and licensing

In relation to ROW, all financial contributions to the budget that are made directly from sales, pre-sales, distribution and licensing, including distribution guarantees, advances, minimum guarantees and licence fees, as well as cashflow loans for these contributions must be recovered from ROW receipts; they cannot be recovered from ANZ receipts.

Where such contributions are in relation to world-wide rights for a project, a portion of the amount, to be agreed by Screen Australia, is to be allocated to the ANZ territory. The remaining ROW portion of the contribution, and related expenses, cannot be recovered from ANZ receipts.

Advances against ANZ and ROW must be clearly split and expenses should be treated separately.

Screen Australia does not allow these contributions to be treated as equity ie this type of contribution does not entitle the contributor to a share of the equity investors' receipts or a share of copyright in the project.

Please summarise the key terms of your marketplace arrangements.
